MOUNT ISA

The Odyssey

Christopher Nolan's mythic action epic follows Odysseus, the legendary Greek king of Ithaca, on his perilous journey home after the Trojan War, battling the Cyclops, the Sirens, and the witch-goddess Circe along the way. Starring Matt Damon, Tom Holland, Anne Hathaway and Zendaya — this is the big one you don't want to miss on the big screen.

Evil Dead Burn

After losing her husband, a woman seeks comfort with her in-laws at their remote family home — until they begin turning one by one into Deadites, making the family reunion a living nightmare. The sixth instalment in the Evil Dead franchise is a brutal, unrelenting horror that does not hold back.

Spider-Man: Brand New Day

Peter Parker is fighting crime full-time as Spider-Man in a world that no longer remembers him, and the pressure of watching his old friends move on without him sparks a change in him he may not be able to control. But that transformation might also be the only thing that can stop a shocking new threat — a powerful villain no one can even see.

The Wizard of the Kremlin

In the chaos of post-Soviet Russia, a brilliant young outsider rises from artist to master political strategist, becoming the spin doctor who helps a young Vladimir Putin build his grip on power. A gripping political thriller about how truth, lies, and manipulation shaped a nation.

Rodeo Dreams

This award-winning Australian documentary follows four young bull riders as they travel across Queensland's Gulf Country, competing in remote outback rodeos in pursuit of glory at Mount Isa — the richest and most prestigious rodeo in the country. Filmed over three years and scored by Sam Teskey of The Teskey Brothers, it's a high-stakes coming-of-age story about grit, determination, and the eight seconds that could change everything.
