Spider-Man: Brand New Day

Peter Parker is fighting crime full-time as Spider-Man in a world that no longer remembers him, and the pressure of watching his old friends move on without him sparks a change in him he may not be able to control. But that transformation might also be the only thing that can stop a shocking new threat — a powerful villain no one can even see.

Mutiny

When the crew of a merchant vessel finally turns on their tyrannical captain, the uprising sends the ship spiralling into chaos on the open water, with no one left who can be fully trusted. It's a tense, high-stakes thriller about power, loyalty and how quickly order can unravel.

One Night Only

Two love-starved strangers keep crossing paths on the one night of the year when single people are legally allowed to have sex — and wouldn't you know it, they might be the only two people in the city actually looking for something real. It's a fun, chaotic rom-com with a wildly original premise.

Super Troopers 3

When Farva's wildly over-the-top Indian engagement to Thorny's sister spirals into chaos, the Super Troopers must navigate Thorny's schemes to break up the relationship while also trying to crack a dangerous new drug ring. Everyone's favourite chaotic cops are back for one more gloriously unhinged ride.

Spa Weekend

A group of exhausted mates book a weekend at a luxury day spa hoping to switch off, only to find the retreat's over-the-top wellness program pushes them further out of their comfort zone than work ever did. A warm, funny look at mates trying and failing to relax.

Holy Days

As a small town gears up for its biggest holiday celebration in years, an unexpected visitor forces two feuding families to confront old grudges before the festivities begin. A heartfelt, easygoing story about community and forgiveness.

Ice Cream Man

When a beloved ice cream van starts turning up in places it shouldn't, a small community realises its cheerful jingle is hiding something far more sinister. A darkly funny slasher with plenty of bite.
