Klara & The Sun

Jenna Ortega is Klara, an android companion searching for a family to call her own. When she's chosen by Josie, a teenager whose home is still weighed down by old grief, Klara's quiet devotion might be what finally helps them heal. Taika Waititi brings Kazuo Ishiguro's novel to the big screen.

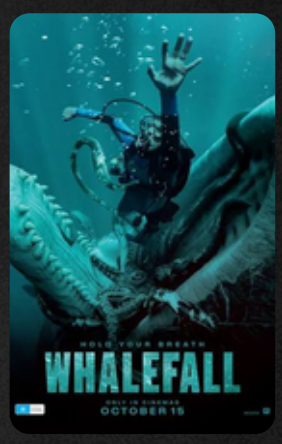

Wildwood

When crows snatch her baby brother, Prue and her classmate Curtis chase them into a hidden fantasy world caught up in a war of its own. A stunning handmade stop-motion adventure from LAIKA, the studio behind Coraline, with Carey Mulligan and Mahershala Ali.

Sense & Sensibility

Daisy Edgar-Jones and Esmé Creed-Miles are sisters Elinor and Marianne Dashwood in a fresh take on Jane Austen's classic. One keeps her heart locked away, the other wears it on her sleeve, and when money and romance collide, both learn what love really costs.

Whalefall

Diving off the Californian coast to find his late father's remains, Jay (Austin Abrams) gets swallowed whole by a sperm whale. With about an hour of oxygen left, he has to use everything his dad ever taught him to get out alive. Josh Brolin co-stars.
