## <u>Superman</u>

Follows the titular superhero as he reconciles his heritage with his human upbringing. He is the embodiment of truth, justice and the American way in a world that views this as oldfashioned.

Jurassic World: Rebirth

Five years after the events of Jurassic World Dominion, the planet's ecology has proven largely inhospitable to dinosaurs. Those remaining exist in isolated equatorial environments with climates resembling the one in which they once thrived. The three most colossal creatures within that tropical biosphere hold the key to a drug that will bring miraculous life-saving benefits to humankind 28 Years Later

It's been almost three decades since the rage virus escaped a biological weapons laboratory, and now, still in a ruthlessly enforced quarantine, some have found ways to exist amidst the infect-

ed.
