MOUNT ISA

Spider-Man: Brand New Day

Peter Parker is fighting crime full-time as Spider-Man in a world that no longer remembers him, and the pressure of watching his old friends move on without him sparks a change in him he may not be able to control. But that transformation might also be the only thing that can stop a shocking new threat — a powerful villain no one can even see.

Mutiny

When the crew of a merchant vessel finally turns on their tyrannical captain, the uprising sends the ship spiralling into chaos on the open water, with no one left who can be fully trusted. It's a tense, high-stakes thriller about power, loyalty and how quickly order can unravel.

The Dog Stars

After a pandemic wipes out most of humanity, a lone pilot holds on in an isolated homestead with a hardened survivalist companion. A mysterious radio signal pulls him out into the unknown, chasing the hope that humanity still exists somewhere out there.

The End of Oak Street

A cosmic anomaly rips an ordinary suburban street from its neighbourhood and drops it somewhere unrecognisable. One family soon learns their survival depends on sticking together through the chaos.

Spa Weekend

A group of exhausted mates book a weekend at a luxury day spa hoping to switch off, only to find the retreat's over-the-top wellness program pushes them further out of their comfort zone than work ever did. A warm, funny look at mates trying and failing to relax.

Tom & Jerry: Forbidden Compass

During a chase through a museum, Tom and Jerry stumble on a mysterious old compass that flings them into an ancient, myth-filled world. Cue new allies, magical mayhem and their usual non-stop slapstick chaos.

Bethlehem Kudumba Unit

A woman's return home stirs up old memories of first love when a wedding next door brings back the past. A warm, small town story about second chances and giving love another shot.
