MOUNT ISA

Toy Story 5

Woody, Buzz, Jessie and the gang's jobs are thrown into chaos when a brand-new tablet device called Lilypad arrives with her own disruptive ideas about what's best for their kid Bonnie. It's toys vs tech in the latest Pixar adventure – and playtime will never be the same.

Minions & Monsters

Set in 1920s Hollywood, the Minions accidentally become movie stars, lose everything, accidentally unleash monsters onto the world, and then have to band together to save the planet from the chaos they created. It's the ultimate big-screen family comedy – bananas, monsters, and mayhem included.

Leviticus

Two teenage boys must escape a violent entity that takes the form of the person they desire most: each other. This Australian supernatural horror digs into themes of repression and forbidden love in a small religious community.

Supergirl

When a ruthless adversary strikes too close to home, Kara Zor-El reluctantly teams up with an unlikely companion on an epic interstellar journey of vengeance and justice. This is a darker, grittier take on the DC hero – think less cape-and-smile, more revenge across the galaxy.

Moana

In ancient Polynesia, when a terrible curse caused by the demigod Maui reaches Moana's island, she answers the Ocean's call to seek him out and set things right. Together, they sail across the open ocean on an action-packed voyage, encountering enormous monsters and impossible odds.

Disclosure Day

A cybersecurity expert becomes a whistleblower to reveal secrets about aliens, putting him on the run from a corporation, while a meteorologist who's experiencing strange phenomena joins forces with him to prove there's life beyond our knowledge. Steven Spielberg returns to the genre that made him a household name, this time with a global conspiracy thriller twist.
